

Course Information

Locust Hills is a family owned and operated golf facility that opened in 1966. We founded our business on friendly service while providing a quality and affordable product.

We have two unique courses that allows the golfer to find a mixture of challenges ranging from a short dog leg to a long wide open par 5. There are 4 sets of tee boxes on each hole to accommodate all skill levels. Each course is par 72.

Locust Course: slightly more mature and measures 4,631 yards in length from the forward tees and 6,576 yards from the back tees.

Maple Course: wide open with spacious greens that measure 4,664 yards in length from the forward tees and 6,752 yards from the back tees.
